**Kolkata: 700121**

### **1. Introduction**

An internal competition of Smart India Hackathon 2022 was held at Regent Education and Research Foundation Group of Institutions on 12<sup>th</sup> April, 2022. It was arranged under the banner of IIC cell, Regent Education and Research Foundation Group of Institutions.

### **2. Objective**

The primary objective of the competition is to

- nominate teams for Smart India Hackathon 2022.
- project as a self-driven activity of IIC cell, Regent Education and Research Foundation Group of Institutions.
- inspire students to involve in innovative projects and develop their engineering skills.

### **3. Description of the Program**

A total of 60 students from RERF were attending this program. Two teams have participated in the competition. It was inaugurated with the speech of our honorable chief guest Dr. Rajorshi Bandyopadhyay, principal, Regent Education & Research Foundation Group of Institutions at around 12 noon and continued for one and a half hours. Professor Ranjit Sur, the retired professor, ISI, Kolkata also joined the event and shared his thoughts.

### Team Code Explorers

A group of 6 members including 1 female member from CSE have given a presentation under the domain bucket travel and tourism, organized by AICTE, MIC-student innovation. The PS number is SM 952. They have developed a webpage by HTML and CSS. Google firebase is used for database, node JavaScript for the back-end design, swiper JavaScript for animation, and react JavaScript for the front-end framework. They are still developing the webpage. Judges contributed a few points to improve the webpage. The group details are given below

	Name	Gender (M/F)
Team Leader	Shiwam Yadav	M
Team Member	Shabnam Parveen	F
Team Member	Ashis Bhowmik	M
Team Member	Mehul Panja	M
Team Member	Supriyo Sarkar	M
Team Member	Bedadyuti Biswas	M

### Team Wireless wanderers

A group of 6 students from 2<sup>nd</sup> and 3<sup>rd</sup> year of ECE branch gave a mind-blowing solution on bandwidth estimation/symbol rate of digital modulation systems (PS code SS614). The students showed the basic idea of algorithm development of bandwidth estimation of BPSK and QPSK modulation schemes. The fundamental mathematical foundation and the idea of the proposed algorithm with some simulation results were exhibited by the group. The details of the group members are given below

	Name	Gender (M/F)
Team Leader	Sourav Basu	M
Team Member	Tiyasa Rudra	F
Team Member	Jayeetri Kar	F
Team Member	Arpan Saha	M

#### 4. Judging process

Judgment was done on the basis of presentation, innovation and the outcome of the projects. Jury members pointed out a few opinions on the projects so that the themes can be improved in future. According to the jury panel both teams have done equally well. The overall presentation was better for Code Explorers but Wireless wanderers were technically strong. The presentation was followed by a question-answer session.

#### Jury Panel

The details of the jury panel are given below

- **Mr. Milan Mazumdar**

He is the principal of Regent Institute of Science & Technology, Barrackpore. He has done his M.Tech from the reputed engineering college under Maulana Abul Kalam Azad University of Technology (former West Bengal University of Technology), W.B. He has 10 years of industry experience and 20 years of academic experience. He is an expert in Microwave Engineering, Electronic Devices and Circuits and Image Processing. He has two international journal publications and four international conference publications.

- **Mr. Dipankar Basu**

Mr Dipankar Basu has been working as a HOD at Swami Vivekananda Institute of Modern Science, Barrackpore in the department of BCA. He has completed his B.Tech and M.Tech from Gurunanak Institute of Technology, under the Maulana Abul Kalam Azad University of Technology (former West Bengal University of Technology), W.B. He has been enlightening the students for more than 8 years. He has expertise in the domain of Operating systems, Networking, Automata, Digital Electronics, Data Structure, Algorithms, and Programming Languages.

- **Mr. Somnath Mukherjee**

Mr. Somnath Mukherjee has been working as a HOD at Regent Institute of Science & Technology, Barrackpore in the department of Computer Science and Engineering. He has done his MCA from Calcutta Institute of Technology, under the Maulana Abul Kalam Azad University of Technology (former West Bengal University of Technology), W.B. Self-Driven Activity of IIC Cell 4.0 of RERFGI  
On  
Impact of Data & Market Research in Entrepreneurship

The IIC Cell 4.0 of Regent Education & Research Foundation conducted a one-day webinar on the theme of entrepreneurship on 21.5.22, Saturday.

The speaker of the theme was Mr. Anish Agarwal, who is the CEO and founder of TABLT-Healthcare for Bharat.

In his lecture, Mr. Anish Agarwal highlighted on the importance and impact of market research and data acquisition in a start-up and enterprise. He enlightened on a consecutive growth from a start-up to an established venture.

The webinar ended in a joyful mode and the speaker shared his contact details with the participants. Around 130 students and teachers partook the webinar.

Self-Driven Activity of IIC Cell 4.0 of RERFGI  
On  
Forming a Sustainable Start-up from an Innovative Idea

The IIC Cell 4.0 of Regent Education & Research Foundation conducted a one-day webinar on the theme of innovation on 27.5.22, Friday.

The speakers of the theme were:

- Biprashekhar Chakraborty, PhD (Cofounder of Gaanpeon & Nectarzing), Kolkata
- Mr. Kanad Bhattacharjee (Public speaker, Motivational Expert, Corporate Trainer and Start-up Enthusiast)

Both the speakers shared their wonderful journey from a small commencement to an enterprise. Although they are from complete academic background, it was interesting to hear how they took up a challenge in the domain of fine arts and steadily endeavoured towards a big project.

The participants were extremely thrilled on hearing their expedition. It was really interesting to note that from a miniscule beginning, how they moved to success.

A total of 100 students and teachers participated in the webinar session.

Celebration of National Technology Day  
Observance with  
World Telecommunication and Information Society Day

Students and teachers celebrated the National Technology Day, observance with World Telecommunication and Information Society Day, on 17<sup>th</sup> May 2022, in the form of a webinar, where lectures were delivered by two eminent speakers of the domain.

The speakers were:

- Mr. Milan Mazumdar, Principal, Regent Institute of Science and Technology, Kolkata.
- Dr. Himeli Chakrabarti, Assistant Professor, Dept. of ECE, Regent Education & Research Foundation, Kolkata.

17th May is celebrated as World Telecommunication and Information Society Day internationally...

The event started in 1969, and the day was celebrated as the World Telecommunication Day to commemorate creation of International Telecommunication Union (ITU) on May 17, 1865.

World Information Society Day was an international day proclaimed to be on 17th May by a United Nations General Assembly resolution, following the 2005 World Summit on the Information Society in Tunis.

In November 2006, the ITU Plenipotentiary Conference in Antalya, Turkey, decided to celebrate both events on 17th May as World Telecommunication and Information Society Day.

The main objective of the day is to raise global awareness of social changes brought about by the Telecommunication revolution and the Internet and new technologies. It also aims to help reduce the digital divide.

Mr. Milan Mazumdar introduced a wonderful presentation on the theme of WT&IS Day 2022, "Digital Technologies for Older Persons and Healthy Ageing", while Dr. Himeli Chakrabarti presented a marvellous chronological development on the inventions and discoveries of telecommunication technology over the last 150 years.

Both the students and teacher fraternity were delighted by the new knowledge they accrued from the webinar. The total participants were nearly 100.
