Sub: Rescheduling of end semester examinations in respect of SIH-2023

Ref: Letter of Chairman, AICTE (File no.: 1-29/AICTE/CM/2023) dated 04.12.23

In view of the letter mentioned above in reference to Smart India Hackathon 2023 to be held during 19-23 December, 2023 and responses received from the stakeholders, the competent authority has decided to postpone the examinations of all B Tech programs of 5th semester and 7th Semester scheduled during 18-22 December 2023.

After exploring different options, it is decided that rescheduled examinations would be held with the end semester examinations of 1st semester students tentatively during February 2024.

However, the classes of even semester of all B Tech programs of 6th semester and 8th Semester would commence as per academic calendar.

(Dr. Subhashis Datta)
Controller of Examinations
